Gov. McKee and state leaders are
ATTACKING RIPTA.

Save Our Bus System

IT'S TIME TO FIGHT BACK.

Join us – KennedyPlazaCoalition.org

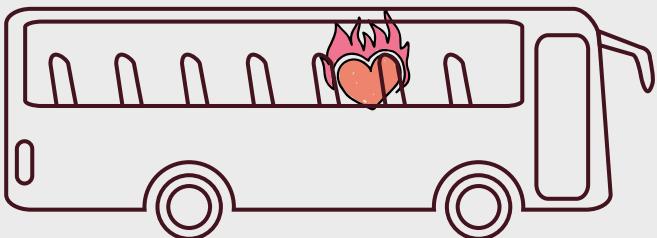

McKee's proposed budget gives RIPTA devastatingly low funding, which would force RIPTA to cut service on 29 of its 68 bus routes, with 11 bus routes set to be completely canceled. Say no at the service cuts hearings!

Hearings 🔥

McKee and other leaders want to move the hub out of Kennedy Plaza, just like Joe Paolino wants. The new hub will be built in a worse location for a **HUGE** price which RIPTA's squeezed budget can't afford. This privatized hub wastes money and makes bus travel harder. Someone may profit but it won't help us.

Fixing and cleaning up Kennedy Plaza would be much cheaper. But officials try to keep that option off the table. They want a deal to relocate the hub even if it's bad for bus riders. They won't take our needs seriously unless we speak up and make them listen.

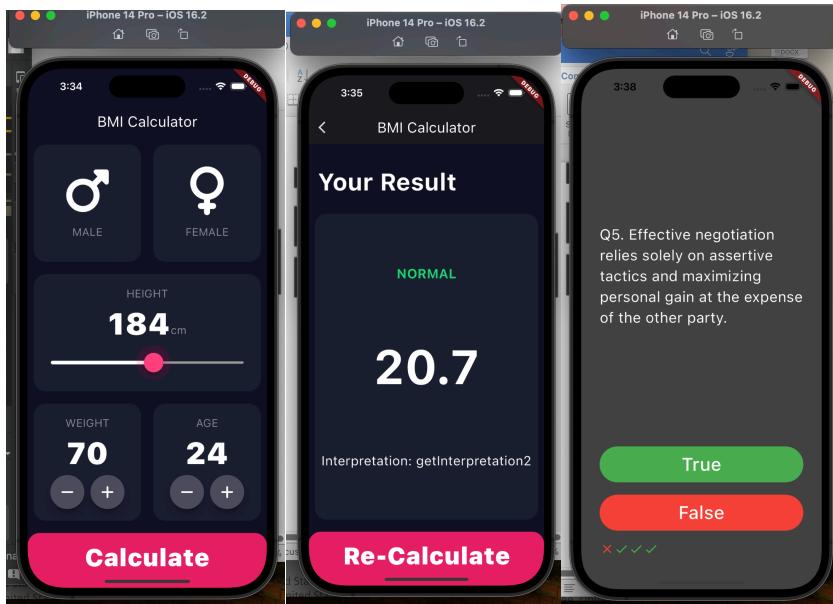

Action

CALL GOV. MCKEE at **401-222-2080** and call other politicians too. Instead of wasting \$\$\$ on a hub deal no one wants, tell them to improve the bus service we have and expand it!

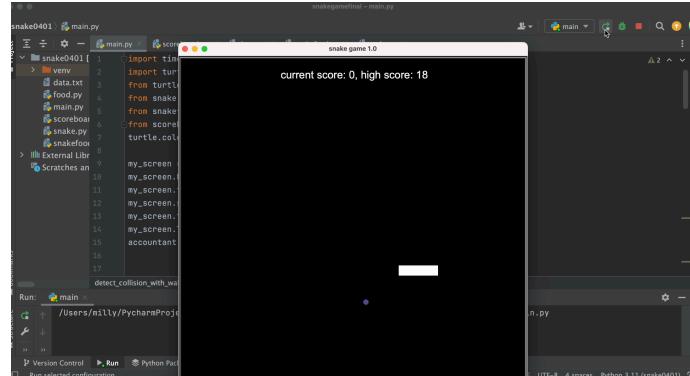

Do politicians think we'll accept damage to RIPTA once they create more threats to the bus system? No! Let's show them bus riders matter!
